HP STORAGEWORKS X510 DATA VAULT

# DATA PROTECTION just became LESS PUZZLING

The HP Data Vault takes minutes to set up and then automatically protects all the data on any networked PC or Mac\* in your office. Because it's based on Microsoft® Windows Home Server®, you'll find it familiar to work with. Easily consolidate data, access files remotely, restore lost data and eliminate confusion about how and when to backup your data—the Data Vault will take care of it for you.
